# 2015\_09 Warfare Innovation Workshop

## CRUSER Warfare Innovation Workshop

### "Creating Asymmetric Warfighting Advantages"

#### Details

- **Date:** 21-24 Sept 2015
- **Time:** Varied
- **Location:** Naval Postgraduate School, Monterey, CA

#### Contact

[Ms Lyla Englehorn](#), CRUSER Director of Concept Generation

#### Description

This NWDC/CRUSER sponsored Warfare Innovation Workshop (WIW) is scheduled for 21-24 September 2015 as a Naval Postgraduate School Enrichment Week activity to apply emerging technologies to shape the way we fight. This year's Warfare Innovation Workshop will focus on advancing the CNO's concept of Electromagnetic Maneuver Warfare (EMW) and leveraging unmanned systems to enhance cross domain operations. Small teams of NPS U.S. officers, junior engineers from Navy labs and industry, and fleet junior officers will propose technologies and employment concepts in scenario based discussions. Teams will brief their conclusions to sponsors, industry executives, and senior officers the final morning and these results will be disseminated to fleet commands.

NPS Student Participant nominations are currently being accepted.
